Dear Applicant:

Thank you for your interest in the UConn Extension Master Gardener Program. Students enrolled in this program receive training in an extensive range of horticultural and environmental topics, including botany, plant pathology, entomology, integrated pest management (IPM), herbaceous and woody ornamentals, edibles, turf grass, invasive plants, and diagnostic techniques for the home gardener.

Following formal classroom instruction, Master Gardener students receive hands-on training in the Extension offices or the Bartlett Arboretum; they are supervised in researching a broad range of horticultural questions, including identifying insects and plants, diagnosing plant diseases, and providing sound cultural recommendations. In addition, interns engage in a wide range of community outreach projects. Examples include community gardens, horticultural therapy, educational booths for programs ranging from Earth Day celebrations to county fairs, and working with the CT Invasive Plant Working Group, just to name a few.

The Master Gardener program is a service-oriented program developed to help Extension educators answer questions from, and assist, non-commercial gardeners. This program has a strong focus on volunteerism and educational outreach and enhances UConn’s horticultural education offerings statewide.

Enclosed please find information on the application process as well as the application form, program requirements, class locations, and fee. If you have any further questions, feel free to contact your local county coordinator (see page 6) or me.

Best wishes,

Leslie Alexander

Have you ever applied to the UConn Master Gardener Program before?  Yes_____ No_____ 

This initial Master Gardener volunteer training requires a nine-month commitment leading to certification. It can be the gateway to a fulfilling on-going volunteer experience.

Are you available **weekdays between the hours of 8:30 AM - 4:30 PM May through September** to fulfill the required 30-hour office outreach requirement?

Yes_____       No_____ 

How did you learn about the UConn Master Gardener Program?

Have you ever been certified by any other horticultural program? If so, which one(s)?

**Volunteer/Community Experience**

An essential element of the UConn Extension Master Gardener program is working with and helping others in the community on a volunteer basis. Describe any community and/or volunteer experience(s) you have had (i.e. school, church, working with seniors or youth, parks, public office). These experiences need not be of a horticultural nature. If you have never had the opportunity to volunteer, please suggest an area where you would like to volunteer, now that you have the time.
Outreach

What type of work would you choose to do for your community outreach? Please check all that apply. *This is not a commitment, but rather a chance for us to determine students’ interests.*

ESSAY

Certified Master Gardener volunteers share their knowledge and experience with individuals and groups in the local gardening community. Write a short essay on why you wish to become a Certified Master Gardener volunteer. You can include life experiences that may enhance this program, how you see your involvement in community outreach, and any special qualities you might bring to the program. Please print or type. (250 words or less) You may use an additional sheet of paper if desired.
2017 Class Locations and Dates

The 2017 Master Gardener Program will be held in five locations throughout the state. Select the location and day that works best for you and check the location where you would like to take the program, indicating a 1st and 2nd choice on the line provided before the location.

Submit ONE application to your first choice of location at the address listed below. Submitting applications to multiple sites DOES NOT increase your chances for acceptance.

Enrollment in the UConn Extension Master Gardener program is limited and competitive. We may conduct telephone or personal interviews.

UConn requires a background check of all Extension volunteers due to potential involvement with children and youth. Upon acceptance you will receive the necessary form for completion prior to your outreach.

The Master Gardener Program periodically documents classes through photography and video for publicity purposes. Registration in the UConn Extension Master Gardener Program includes permission to photograph you and use your image in publicity materials unless you inform the photographer or coordinator that you do not wish to have your photograph taken.

Partial scholarships based on financial need may be available. Please check if you would like to receive a scholarship application.
