

Fundamentals of  
*Home*  
GARDENING

UConn Extension

## Dig Deeper Into Your Garden

Learn the fundamental concepts of horticulture, as taught by UConn Extension educators and specialists. Based on UConn's Master Gardener curriculum, this four-part, online series can be taken at your own pace, at times that work for you. Choose just the segments you're interested in or complete all four sections to earn a certificate of completion in the Fundamentals of Home Gardening.
